Mr Daniel M. Foy,

Sup. U. S. Mint,

Philadelphia, Pa.

Dear Sir,

I am a student of
the Normal School here.

We have just reached the
subject of United States Money in
our Arithmetic. We have looked
the subject up a good deal but
can find nothing about how
the money coined at the Mint
is put into circulation.

So I concluded to ask you
to explain the matter if you
will.

Very Respectfully

W. N. Hambleton.
